

They're moving forward
from life at home...
to life in their home!

- ◆ They contribute to the community, working at jobs with the supervision of educators from Centre du Florès.
- ◆ They are now living at home and will soon need permanent housing.
- ◆ As their families age these adults become increasingly vulnerable.
- ◆ They need and deserve a safe, home-like environment.

Mon Chez-Moi
is key to their future.

The health and social service system is currently saturated with **URGENT** requests for social housing.

The government will provide a subsidy for our project ~ but first ~ we need to raise \$75,000 in the community.

You can help
